Comments for Public Posting: Rodeo is a family sport which keeps alive our western heritage. Our animals are a part of our families are treated as such. Please do not allow a small group of activists dictate how the rest of us live our lives. Thank you

Comments for Public Posting: I have been a rodeo competitor since I was a little girl. My horses are my life, my livelihood and my best friends. If PETA thinks we do not take good care of our equine partners they are so wrong. We love our horses and take the very best of care of them so they can compete at their very best. I can also speak the same for my fellow competitors. Our lives are in the western industry that holds a huge heritage and history in California and we stand up to preserve & protect it.
