Comments for Public Posting: Please do not allow PETA to try and stop Rodeo!! PETA kills more animals than any rodeo ever has, rodeo animals are cared for humanely and loved by their caretakers.

Comments for Public Posting: I'm defending all horse related activities. This list includes Rodeos, all breed shows of horses, trail rides, 3 day eventing, Dressage, and so many more. There's no evidence that any of these activities have done anything but bring positive results for people of all ages and abilities. All sports with horses involved are outdoor activities that are designed for family participation which has gone away over the last decade. Having any animal around young people teaches empathy, responsibility and self confidence. I challenge you to go to some of these events and check out how respectful, honest and welcoming the community is to everyone. We're a community that cares about their animals and love our heritage.
