Comments for Public Posting: Rodeo are not inhumane to animals. On the contrary they take better care of animals than others. I grew up in Texas and experienced the care shown to all rodeo animals. My uncle was a bronc rider we also participated in cattle drives. Please do not ban rodeos. Our children benefit greatly by being introduced to the care and welfare of these animals up close as I was. Thank you for your support.

Comments for Public Posting: My goodness, how many times do we have to ask the City Clerk to please leave the Bill Pickett Rodeo alone. The animals are loved and well taken care of. However how many times that I have to ask you to leave our Black Rodeo alone, I will do it

Comments for Public Posting: Rodeos bring innocent entertainment to all families across the world that even give young children hope of learning how to ride and become Cowboys and Cowgirls. Also, for myself! I have lost two children one son at four months old and another son at 23 years old. Horses for are Therapy, they are loving animals who see deep in a person's soul. Rodeos are not harming anyone all the animals are being feed and showing their beauty to the world. Please, do not ban the "Rodeos" Thank you, Sincerely, Christina Guidry
