**Comments for Public Posting:** Please consider putting a stop to bull riding. I don't know if you are an animal lover or not or if you have any as part of your family. In case you're not, please know that animals are all sentient beings. Bull riding is animal abuse and needs to be stopped. If you have any pets, ask yourself if you would allow them to be abused in such a manner as these bulls. Thank you for your time and attention to this matter and please help these animals by stopping their suffering. Sincerely, Felicia McParland, M.Ed, MSW

**Comments for Public Posting:** Please ban rodeo's and bull riding events because they are cruel. Rodeos, and stand-alone bull riding events, glorify animal abuse while they masquerade as sport and family entertainment. For example, horses and bulls do not buck naturally. These are terrified animals trying to get away from something that is causing them fear, pain, and discomfort. Animal injuries can be numerous; broken bones, ripped tendons, torn ligaments, and snapped necks. Injuries and deaths to rodeo animals are chronically underreported.

**Comments for Public Posting:** Rodeos are animal abuse!! It is time to recognize this and end this form of "entertainment". Nothing good comes from abuse and torture. These precious and innocent beings should be allowed to live in peace. We have the power to grant them that. Please step up and do the right thing.

**Comments for Public Posting:** Thank-you for moving forward with a ban on rodeos. It's a cruel and horrible business. What a dreadful way to get a thrill, by terrorising animals.

**Comments for Public Posting:** I am totally opposed to your proposed ban that you are considering in LA. This state has a long storied history of rodeos and agriculture, so what are you thinking? You are totally misguided and bias to special interest groups and are trying to appease a select group of hot heads who think that they speak for the people of this city. Do not give in and respect what the people want in LA as there are a lot more pro rodeo fans then there are anti fans. Considering that LA is a mess, are there not more important issues to focus on then banning rodeos?
