Comments for Public Posting: The Bill Pickett Rodeo is more the just a Rodeo its place for people to come together and can be very educational for children it also builds community. They teach the children about the animals and give up close encounters that some children never get the chance to experience. It also give black children a chance to see black people come together having a great time regardless of location or backgrounds and situations, like I said it builds community and pride. The animals look healthy and well taken care of. Taking this Rodeo from California would be taking a piece of black community because families make this a tradition and we look forward to this every year!
