

Communication from Public

Name: David Ben Haim

Date Submitted: 07/30/2023 06:31 AM

Council File No: 20-1575

Comments for Public Posting: As a concerned citizen for ethical treatment of animals, I am speaking for the abolition of these practices on bulls for the purpose of human entertainment. As a citizen for progress, I hope that the elected officials that we voters put in office hears our loud displeasure of these practices and outlaw these practices that does nothing except harm animals. As we humans continue to progress into the future, we must stop these caveman/cavewoman mentality of supporting these barbaric actions. I hope that the city council will ban these gadgets from this trade. Thank you, David
