Comments for Public Posting: As someone who comes from farming on both sides of my family, and who grew up in an area where farming was prevalent, I've always found rodeos both disturbing and disrespectful to the reputation and image of farmers. Rodeos, to anyone who knows their history, are a great lie; an invented commercial sham posing as tradition and glorifying the disgusting and horrifying violence toward animals. That's why I support the L.A. Rodeo ban and hope you don't give in to the lobbying efforts of scumbags like PBR and display the cowardice of states like Pennsylvania, who sold their honour and dignity for a bit of cash.
