Comments for Public Posting: When are you going to stop this attack on our ability to enjoy rodeo's etc, in the future? As your city is falling apart with homelessness, drugs, crime, and decline, your group really thinks that this a agenda worth pursuing? As you continue to blunder your way through running LA properly, quite listening to special interest groups who you must be catering too to go after our rodeos. I hope that the people in your town wake up and vote out the people who have forgotten the words " public servant" who need to go. Stay away from our rodeo's.
