Comments for Public Posting: Too many animals get hurt and there is a disregard for their well being. We are better than this. It's time to end cruelty as a means of entertainment. Thank you for your consideration.

Comments for Public Posting: Bull riding is a cruel and archaic practice. It is inhumane and causes undue pain to animals. The footage on the young bull who broke his leg at a rodeo event on 8/3/23 is heartbreaking and impossible to watch . There is no place for this practice in contemporary society in a place like Los Angeles county, where we should be valuing ethical and moral practices. This practice should be outlawed.

Comments for Public Posting: I support the rodeo device ban. It is 2023, we need to move away from barbaric and unethical treatment of animals. Each animal used in these rodeos is a living being, a self aware individual with a personality and the capacity to suffer. Their terror and physical pain can only be imagined at these events. Our treatment of them is shameful and inexcusable.

Comments for Public Posting: Rodeos and standalone bull riding, glorify animal abuse, they masquerade as family entertainment. It is torture and inhumane. Animals are maimed and treated with no humanity at all. Please ban rodeos, and bull riding itself. This should not be legal if chicken fighting is illegal and dog fighting is illegal. How can this pure abuse be allowed by spectators and commentators as well as being aired on television networks.

Comments for Public Posting: Please stop bull riding. This is a cruel sport and dangerous to both the animals and humans. Recently a bull broke its leg and was put down. This is no life for an animal. Why would the city want to be associated with this?
