**Comments for Public Posting:** Your area has a very strong horse riding tradition. From the Hispanic heritage to parades, horses are a part of life for many people. This can also include the sport of rodeo. To see that there is another proposal to ban rodeo, and other equine and bovine events is a shame. Rodeos are closely monitored and the animals are treated well. Not to mention that bucking animals enjoy what they do. If they don't want to do something, they won't. The lies being good about rodeo have been debunked many times, yet your area has a strong push to ban not only rodeo but other businesses that rely on the human and animal interaction. Please take the side of common sense and do not ban properly managed and regulated businesses.
