Comments for Public Posting: Please consider my support for the rodeo ban in Los Angeles County; I wish rodeos were banned everywhere. I have watched the spectacle of rodeos, so intense and brutal, using innocent and unsuspecting animals as if they were willing participants in their torture! I know there are cash prizes that fuel the enthusiasm of the human participants, but the only thing the animals get is abused, injured and ultimately killed. It's not a sport, it's a spectacle of depraved indifference to the pain and suffering as well as terror inflicted on innocent beings whose only crime is being borne into the body of an animal. I applaud your foresight, courage, and compassion. Respectfully, Shemirah Brachah 10101 Ashburotn Lane Bethesda, MD 20817 (518) 491-1898
