Comments for Public Posting: Contrary to the scare tactics of a misinformed animal rights group, professional rodeo stock is better treated than most backyard cattle and horses. The council should spend more time punishing the rampant breeding and euthanizing of hundreds of dogs and cats bred by ignorant owners only interested in a quick buck. Strong measures have been adopted by the stock industry that guarantee sanctioned rodeos adhere to strict animal care. The council should address the unsanctioned weekend events that are not adhering to any guideline and are used as examples by these extreme groups.

Comments for Public Posting: Livestock contractors take very good care of their animals, it isn't about the money. Rodeo has been a popular attraction for many years and loved by many people. It is also many people's livelihood. Banning rodeo just to appease a small percentage of the population is wrong.

Comments for Public Posting: I urge you to vote in favor of the L.A. Rodeo Ban (council file #20-1575). Animals abused by the rodeo industry are chased, wrangled, roped and tormented for entertainment. Animals like horses, bulls, steers, and calves can suffer painful injuries, including broken ribs, backs, legs, and tails, punctured lungs, internal organ damage, snapped necks and agonizing deaths. This abuse is horrendous and unacceptable and there is no excuse for it. Thank you.

Comments for Public Posting: Please vote to OPPOSE this ordinance. The welfare section is unnecessary as the rodeo organizations already have many many rules in place to protect the welfare of these animals. If you read the submission by the Los Angeles Equine Advisory Committee, all of this is explained. Rodeo has an amazing culture, teaches people to be hardworking, care for others and to treat animals with respect and kindness. An unhealthy animal will not be allowed to compete and a mentally unhappy animal will not look healthy on the outside. Do not let the loud minority who do not understand these animals and who have not spent any time taking care of them overshadow the quiet majority of us who this ordinance would affect spend, and those who spend our days in service to these animals. Do not ban rodeo. OPPOSE this ordinance. Thank you.

Comments for Public Posting: This ban was started courtesy of people who are not educated about rodeo and have very little experience in person with rodeos or the animals involved in Rodeo, and all of their reasons to ban rodeos are opinion and feeling-based.

Comments for Public Posting: I wish to post my support for Rodeo activities to continue. Rodeo is a huge culture of the American West, weather is is traditional Charro or American Cowboy style! All animals are loved and well cared for. To call any of this as abuse is just coming from ignorance. Please continue Rodeo.

Comments for Public Posting: I support the rodeo ordinance! Rodeos are horrible, extreme animal abuse & cruelty and has no place in 2024. Animals in these ridiculous events are beaten, shocked, electrocuted, choked, wrestled & stabbed to injury and death. This is NOT ok, time to ban sick disgusting rodeos! They are useless.

Comments for Public Posting: I don't support. I have grew up with farm animals all my life more importantly horses and cattle. For many of us rodeo is a way of life. I don't know what I would want to do with my life if I couldn't enjoy riding my horse with my spurs, or me having the ability to see PBR in los Angeles it has always been a dream .cowboy up. Not everyone can be a cowboy. It's been in our blood in Mexico and in United States. We deserve to be able to show our kids this beautiful culture we where born in to
