Comments for Public Posting: I write to you to request you proceed with banning rodeos. These events only contribute to the demise of human empathy, integrity and decency. They are inherently dangerous to the victims abused under the guise of entertainment. The masses watching these events are becoming desensitised to the brutality and this carries over into the personal lives of all those involved in and supporting these atrocities. Please implement the ban immediately and monitor for, and severely punish, ant breaches of the ban. These masses have been badly trained and need to be retrained to allow any chance of decency in them to be nurtured and encouraged.

Comments for Public Posting: I fully support the LA Rodeo Ordinance. Horses, bulls, steers, and calves can suffer painful injuries, including broken ribs, backs, legs and tails, punctured lungs, internal organ damage, snapped necks, and agonizing deaths. How can we even think about these events and call them "entertainment" We should not accept the idea that to please ourselves we have to inflict torture and suffering on innocent animals that are forced to participate in these cruel events. So I fully support to END once and for all these cruel events and showing the world that animals are not there to entertain us but to live with us. Thank you, Louis
