Comments for Public Posting: Rodeos, and stand-alone bull riding events, glorify animal abuse as they masquerade as family entertainment. For example, horses and bulls do not buck naturally. These are scared animals bucking to escape torture devices common place at rodeos, such as electric prods, flank straps, and spurs. Afterwards, animal injuries can be numerous; broken bones, ripped tendons, torn ligaments, and snapped necks. Please end this awful 'entertainment' in Los Angeles.

Comments for Public Posting: Rodeos, and stand-alone bull riding events, like PBR, glorify animal abuse as they masquerade as family entertainment. The rodeo industry boasts that the animals do not suffer and that they have hit the "animal lottery". In fact, animals used in rodeos routinely suffer extensive internal injuries, including bruising, broken ribs, and punctured lungs. Please Ban Bull Riding. Be kind

Comments for Public Posting: The ponies at the Griffith Park Pony Rides are being abused and neglected. Animal abuse is a felony yet this cruel business is still operating. We can show Los Angeles residents and others that we can transform a cruel business into a compassionate one. Animals are not here for us. They are sentient like us and want to live with their families in nature without human intervention. Our animal exploitation business models must be replaced with non-animal methods, and compassion and the use of animals must be banned. The elderly pony with lameness giving rides, and ponies forced to work at 100F heat without clean water or shade are being protested and documented regularly. Humans don't work in the heat without food, water, and care. Why do we push other sentient beings into working in these abusive conditions, causing unnecessary suffering and lifetime abuse? Retirement is everyone's dream but animals never enjoy it after long abusive work they are forced to do for humans all their lives. They are not even given proper care or appreciation. Their retirement is slaughter unlike humans'. They must be sent to a sanctuary instead of a kill floor. The owner of this animal abuse business can be assisted in transforming it into a non-animal entertainment attraction. They can start a business without including animals that we would support. We don't want animal abuse funding in Los Angeles. The rides had already injured 2 human kids. They may cause further injuries or even death which means humans suffer as well with the cruel rides. And a lawsuit may also be filed as a result of this criminal behavior. The ongoing mistreatment of the animals at Griffith Park Pony Rides is criminal, cruel, and unacceptable, and not aligned with our values, and how animals should be treated. Kids must walk with the animals just like they do with their human friends, not ride them. We must show kids how to respect, care for and love animals, not normalize violence. We must teach kids kindness, not violence. Thank you Emek Echo

Comments for Public Posting: Re: Pony ride at Griffith Park Please close this ride! The animals are forced to work in the summer heat now with little or no rest. This is unacceptable. Los Angeles is supposed to be a leader in animal protection. Where is our leadership?
