**Comments for Public Posting:** Please do not ban rodeo. This is a way of life for so many residents. It is also a way for a lifestyle change for troubled teens. Rodeo, and equestrian events are a display of dedication, discipline, hard work, patients, respect for animals. A display of a way of life. What these activists do not realize is if they take these events away they are doing the opposite of what they think and taking the animals away.....

**Comments for Public Posting:** Please do not ban the sport of rodeo in your town. Please do research, speak with reputable stock contractors and other livestock managers and find out the facts about this sport and their animal athletes for yourself before ending a sport in your town which could possibly create an unexpected ripple effect in other areas.

**Comments for Public Posting:** Leave it to California to come up with this woke language. Well I guess ranchers and farmers will no longer be able to us lariats or lassos on their ranches? Rodeos do not use electric prods or shocking devises. Have these people ever been to a rodeo. I think not. I am so glad I moved out of the state 22 years ago. What else will California outlaw? But keep that border open and bankrupt to state. Good job.
