Comments for Public Posting: Please ban rodeos. Animal abuse should not be part of any culture. The horse suffers injuries to their teeth because of the metal bit hitting their teeth. Please do further research on how horses suffer those injuries. I've attended countless of coleaderos in Perris CA and I've seen horses with blood in their mouth. Not only are the horses suffering but the calf's as well. I've seen some pass away during a show because it's been stepped on by the horse multiple times. Animal abuse should never be a form of entertainment.
