Comments for Public Posting: This ordinance needs rewriting or removing, as it is redundant and doesn't convey reasonable intent and is without concern for the consequences. There are already rules in place by the multiple Rodeo Commissions/Associations about nearly all of the items mentioned in the ordinance. The competitions are a reflection of a time honored, legitimate way of life that urban dwellers know little or nothing about. Many urban children don't understand where the meat in their "Happy Meal" or milk comes from. Most have never ridden a horse or even touched a cow. The safe handling of domestic livestock should not be judged by those who don't understand it. Again, there are already rules in place and the various associations are responsible for seeing that their people are abiding by these. I don't believe that another city ordinance is the answer. The work with animals doesn't stop (it's 24/7) nor does the way of life and neither would the competitions, as they would happen at other venues. This would mean a loss of revenue for the city and a loss of income for the hundreds of people working and competing at these events. These events support children, K- through-12 and college, with scholarships and special age appropriate competitions that build confidence and usable lifelong - livelihood skills. I encourage Los Angeles officials to WORK WITH these Commissions/Associations to come up with a plan that works for EVERYONE involved. Please contact the groups involved to better understand their rules of competition. As a last consideration, I understand that there is a small group of outside radical agitator protestors that desire to have no humans owning animals of any kind and that all humans should be vegan. I respect that they may follow their own belief system, and reject the majority, that's their own business and right. However, I don't feel that I should be forced to follow theirs and I wouldn't be going to a vegan restaurant, store, group, home, or other business to protest that they are doing something wrong simply because I believe in something different. When we are manipulated and gaslighted by radicals, the city of Los Angeles loses.

Comments for Public Posting: I am a Fan of the Rodeo, I grew up in Texas and still live in Texas. I would hate to see the closure of this Event, I have a friend that live in your city Los Angles, Ca. Reginald T Dorsey, he is a born and ride Texan, that has been living in your State for over 30 something years. I am supporting him and the Rodeo, on his behalf he was entered into the Ft.Worth Texas, Multicultural Museum, last July 2022, and has played a big part in the Bill Pickett event etc. Please reconsider to keep the Rodeo apart your city and state events, the kid and adults are pleading for you to not stop the Rodeo. Sincerely your, Tywana Luckey From Texas
Thank you!

Comments for Public Posting: Please pass the Rodeo Device Ban. Anyone with a heart knows it's wrong to tackle a baby animal, slam it to the ground and tie its legs together. If you did this to a puppy you would be charged with animal abuse.

Comments for Public Posting: Animal abuse is not entertaining, and it should never be legal or profited from. The harm and suffering animals who are forced to "perform" in rodeo events is entirely unnecessary and blatantly cruel. It's time to evolve. I support the Rodeo Device Ban.

Comments for Public Posting: I support the Rodeo Device Ban. There is no excuse for animal abuse in Los Angeles, and the public is overwhelmingly in favor of this ban. Do the right thing for the voiceless animals who are at your mercy.
