Comments for Public Posting: On Friday 16 2024 as was invited to attend the Professional Bull Riding event at Crypto Center. I am a nature and wildlife photographer and I had some preconceived notions of how they made the bulls buck and how the bulls were treated. I was given a back stage pass to witness how these animals are treated and cared for. I was informed that these animals are like rock stars and each bull is given the best possible care since they have a financial interest in the well being of these animals. As a 60 year old native of Los Angeles I was also taken back by the diversity of the crowd. I have been to many events in Los Angeles including Laker, Kings, Clipper, X Games and many concerts but I have never seen such a diverse group. I think it would be a shame if you voted to ban rodeo's in L.A. county and especially the PBR.
