Comments for Public Posting: Please do not approve a restrictive legislature of prohibiting tools or utensils for horse riding and other horse sports without deep knowledge of our culture and traditions. Our family and many other families live from all around the horse and cattle activities. Sports are part of it. Horse back riding is a historic relationship with humans, farm work, Olympic competitions, just a couple samples. City council members and legislators that want to prohibit that, is because probably do not have all the facts on hand. Isolated incidents cannot be the general rule that are being used to affect a vast majority that we enjoy working with horses and cattle. Please, again do not prohibit or limit the most American and Mexican culture, from rodeos and charreadas. I strongly support continuing with the Western Justice initiative to keep our way of life. Thank you for taking the time reading this pledge of help.
