**Comments for Public Posting:** I am asking you to PLEASE pass the Los Angeles Rodeo Device Ban. There is no excuse for animal abuse in Los Angeles, or anywhere else. Thank you.

**Comments for Public Posting:** Rodeo is one of the oldest and purist forms Of sport in America. Without the horse we would not be where we are today. Ranchers and farmers have worked and continue to work 24/7 365 days a year and in all kinds of good and bad weather to feed America. What better way than Rodeo to showcase what these people do to get their jobs done. Our animals are better cared for than most peoples children. Not to mention the diversity of people that are employed and the unity that we feel with one another to get the job done and the love that all of us share with one another and our animals. My husband is a veterinarian. They have to know all kinds of animals avians bovine canine feline equine pigs sheep goats etc to pass their boards. Medical doctors only have to know about humans. Just Rodeo and other equine sporting events generate billions of dollars and employs millions of people. It also creates revenue for hotels restaurants transportation pharmaceutical companies colleges universities. Just about everything you can think of. Trying to do away with Rodeo is a big mistake , Huge Mistake
