**Comments for Public Posting:** Rodeo is a way of life for many in the United States. It is a wonderful spectator sport for people of all ages and for the participants, it is an exhilarating experience of the animal:human bond. Please do not ban rodeo and infringe upon people's rights to liberty and the pursuit of happiness. The activists actually HATE animals in spite of all their posturing. Every thing they eliminate kills more animals, because those animals lose their purpose. Stopping circus, no more circus animals, stopping rodeo, no more rodeo animals. They want us all to be vegan and have tiny useless barky dogs, in order for themselves to feel self righteous about "protecting" animals. It is really sickening.
