Council File No: 20-1575

Comments for Public Posting: Animals deserve better. It's that SIMPLE. Why would cruelty ever be ok? "As a resident of Los Angeles, I'd like to express my full support of Council File 20-1575. Devices used in rodeos (electric prods, flank straps, bucking straps, spurs) are inhumane and can cause serious injury, or in some cases death, to the animals forced to participate in these events. Thank you to Councilmember Blumenfield for introducing this legislation and I hope the full council votes to ban these devices. Thank you." "My name is Anita Youabian and I am a resident of Los Angeles. I encourage the City Council to pass Council File 20-1575 to ban harmful practices, techniques, and devices used during rodeos. Rodeos use electric prods, flank or bucking straps, and spurs to encourage aggressive behavior and exaggerated bucking in bulls and horses, which can cause animals to suffer broken backs and legs. In roping events, calves are stopped forcefully by a lasso around their neck while running full speed, and are slammed to the ground, which can result in punctured lungs, internal organ damage, ripped tendons, torn ligaments, snapped necks, and agonizing deaths. Please vote to end these inhumane and dangerous practices. Thank you."

Name: Melissa Campbell

Date Submitted: 04/07/2023 11:48 AM

Council File No: 20-1575

Comments for Public Posting: My name is Melissa Campbell and I am a Los Angeles County taxpayer. I wholeheartedly implore the City Council to pass Council File 20-1575 to ban the harmful and inhumane practices, techniques, and devices used against animals, especially those still in their infancy (e.g. calves), during rodeos for the sake of human entertainment. Rodeos use electric prods, flank or bucking straps, and spurs to encourage aggressive behavior and exaggerated bucking in bulls and horses, which can cause the animals to suffer broken backs and legs. In roping events, calves are stopped forcefully by a lasso around their neck while running full speed, and are slammed to the ground, which can result in punctured lungs, internal organ damage, ripped tendons, torn ligaments, snapped necks, and agonizing deaths. This practice is barbaric in nature, and has no place in today's world, especially in a location as progress-oriented as Los Angeles. Please vote to end these inhumane and dangerous practices as soon as possible. Thank you.

Name: Sam Butler

Date Submitted: 04/07/2023 11:48 AM

Council File No: 20-1575

Comments for Public Posting: My name is Sam Butler and I am a resident of Los Angeles. I urge City Council to pass Council File 20-1575 to ban harmful practices, techniques, and devices used during rodeos. Rodeos use electric prods, flank or bucking straps, and spurs to encourage aggressive behavior and exaggerated bucking in bulls and horses, which can cause animals to suffer broken backs and legs. In roping events, calves are stopped forcefully by a lasso around their neck while running full speed, and are slammed to the ground, which can result in punctured lungs, internal organ damage, ripped tendons, torn ligaments, snapped necks, and agonizing deaths. Please vote to end these inhumane and dangerous practices. They have no place in a modern, ethical society. Thank you.
