Comments for Public Posting: Everyone knows that the Rodeo and bullfighting are definitely things of the past. If we human species want to believe we are the most intelligent species on earth, then we must think and act like one. Allowing such barbaric acts of cruelty and torture to innocent sentient beings for solely entertainment purposes is despicable to begin with, furthermore, exploiting any animals for profit or only benefit to humans should be strongly condemned, banned immediately, and mandatory punishable if any wild species are found in captivity, tortured , bred for profit, especially, displayed their sufferings for human's entertainment or consumption purposes must be considered the worst imaginable crime against nature and wildlife, no exception. I thank you for your genuine support and efforts to pass this important legislation The SWIM act immediately for safer and healthier lives of Los Angeles.
