Comments for Public Posting: I wish to oppose the 20-1575! America is about choices and many of us love our animals and take care of them. We love rodeo and all sports western. If you bow to PETA what is next on your agenda?

Comments for Public Posting: This ordinance infringes on the freedoms of the United States. I am a huge supporter of animal welfare, which is the fight to eliminate abuse. There is no indication that any of the mentioned events include any form of abuse. In fact, it provides purpose for these animals to exist and be cared for in ways and experience luxuries many of your city's citizens would appreciate. Without these events, many of these animals would not exist at all, or would be subjected to hardships or elimination.

Comments for Public Posting: To L.A. City Councilmember Bob Blumenfield, Why would you want to destroy our western lifestyle and heritage? We have tolerated the new woke liberal garbage shoved down our throats, now you're coming after how we choose to live and enjoy our freedom, shame on you! Get in your electric vehicle and find another place to call home, you're not welcome here!

Comments for Public Posting: The CITY OF LOS ANGELES is a privately owned corporation (check EIN's and DUNS & Bradstreet); That corporation only has jurisdiction over their (contracted)employees ie: registration of any type). This private corporation has no jurisdiction over Man, private contract, private land, private property (such as livestock)membership organizations or anything they aren't a party to. The CITY OF... is a fictional construct lacking jurisdiction on all accounts. If the CITY OF LOS ANGELES is the owner or contracted partner of an arena or park then they would have jurisdiction to ban whatever they see fit. Events of this nature do NOT need to contract with private corporations such as "CITY OF LOS ANGELES" and can go about their business elsewhere. People need to know who they are and by what means they are governed (or not) before they concern themselves with a private corporation and their appointed leadership. If McDonalds takes the Big MAC off the menu then go home to make your own hamburger. NO CONTRACT.
