**Comments for Public Posting:** I find it incredibly disturbing that you would elect to prohibit Rodeo in the United States of America. Rodeo is part of our history and imbedded in many aspects of our lives. There is a huge swath of this country that is deeply involved with raising livestock and cowboying as part of their family history. The people involved in Rodeo and raising the livestock for Rodeo are completely invested in the sport. These animals are trained athletes, and they are given the best care, from the food they are raised on to the training protocols that are adhered to, to ensure their health and wellbeing. These animal athletes are provided the best in medical care, swimming exercise programs, and even chiropractic care. Rodeo riders are some of the best athletes in the world, that train voraciously to be the best in their sport. It is hard to comprehend that you would try to eliminate this sport. I fully support the sport of Rodeo, as do millions of other Americans.  
Sincerely, Robert L. Fine
