**Comments for Public Posting:** PLEASE DO NOT BAN RODEO EVENTS IN LOS ANGELES!  
Rodeo is a major part of our history. All of the animals working at Rodeos are better taken care of than some people. From the calves and steers to the rough stock, Bareback horses, Saddle Bronc horses, Bulls to the personal horses ridden by the cowboys. Each and every animal gets the Best feed, water, and veterinary care! IF these extreme animal groups are permitted to succeed in any of this banning, what's next? Our beloved pets! They have no idea how important these animals are to our lives. Thank you

**Comments for Public Posting:** Rodeo is the oldest sport in America and is a tradition to many in the mid-west and western communities. The horses and bull that are used in the bucking events are very loved and very expensive. If it were not for rodeo these animals would have no use and would go to the killers. Bucking horses are some of the healthiest and longest living in the horse world. There is no cruelty towards these animals. There are many precautions taken to insure the safety of these animals.
