**Comments for Public Posting:** Rodeos has been part of American traditions for over a 100 years and the animals are given the best care available! This is a case of the few trying to force their view on the many!

**Comments for Public Posting:** This rodeo boasts that it will be "just plain fun." But we all know that it won't be fun for the animals. Rodeo animals are chased, wrangled, roped, and tormented for entertainment. Horses, bulls, steers, and calves can suffer painful injuries, including broken ribs, back, legs, and tails, punctured lungs, internal organ damage, snapped necks, and agonizing deaths. The rodeo is not fun.

**Comments for Public Posting:** I was raised on a ranch and worked with livestock. You quickly learn when a horse steps on our foot and you are smacking him on the shoulder to get him off that they don't experience pain the same way that humans do. They are not some small fluffy puppy. I feel it's wrong for people who have never worked with large animals to judge events involving large animals.

**Comments for Public Posting:** This ban is ridiculous and unwarranted. rodeo is far from cruel unless you are referring to the human athletes. Flank straps have nothing to do with genitalia.
