**Comments for Public Posting:** It is very important for Rodeos to be banned in the City and County of Los Angles. The cruelty to animals is unbelievable.

**Comments for Public Posting:** Please do not ban rodeos. It is a vital part of American tradition and the western way of life that is still engrained in so many. We need these events to bring us together and celebrate our rural and western communities, which are the backbone to supplying cities with everything they need to survive and thrive. Please don't take something away from us that is so important. Many of us love to travel into the city areas and enjoy all the other things it has to offer when we attend or participate in these events. Without events like these, it will impact the economic impact of the city and drive the tourism and tax dollars somewhere else that is accepting of the many cultures surrounding the sport of rodeo. It is unfair to discriminate against our cultures when they involve animals and competition. These are the extremely well cared for animals, just like any other equine sporting event, and they are worth a lot of money. No one would treat something worth that much in any ill-mannered or cruel way. These sports are what these animals are bred to do. It's in their blood and they love it just as much as the human athletes. If they didn't have this purpose, they simply wouldn't exist at all, which would be very sad as they are the icons of the west. Please support the continuation of our beloved sport of rodeo and do not ban us from your city. Thank you so much for the opportunity to comment.

**Comments for Public Posting:** Banning rodeo is banning a lifestyle. It's just not something you can ban. It's an american tradition that should be honored and respected.
