Comments for Public Posting: Why I support Rodeo. I support Rodeo because it is a celebration of the Western Heritage of our past that built the west and that includes California. It shows an inspire children and those adults who have never seen a cow or a horse in real life being from the city. It could inspire the next generation of farmers and AG producers the AG industry desperately needs in the US. Besides that it brings the community together. From the rodeos I've been to from the LA region, to the Riverside/ San Bernardino Counties, it has been nothing but real wholesome sense of community. Which this city desperately needs. Taking away Rodeos from the communities that were founded from Agriculture is like taking the ocean breezes away from the beach cities, or taking the palm trees out of the LA skyline. Rodeo has been a part of my life for a few years now, I don't participate but coming to see the cowboys and cowgirls share their love of agricultural life is what makes it special. Bringing the community together for real wholesome fun and enjoyment in an atmosphere that is welcoming to all is what makes Rodeo, not the disgraces our fellow council members and those who have never seen Rodeo in real life. Thank you, Long Life Rodeo for Los Angeles and for the future generations who want to experience Agriculture in their reach!
