Comments for Public Posting: I support rodeos for the last 40 years. It's the only sport where you never see a knee taken to the ground to disgrace the US. The proroдео gals and guys work hard to protect their animals and entertain people across the US. The events you see are the ones that have been on ranches across the world. Being friends of several stock contractors I see how they care and treat their animals. They are cared and feed before anything else. Banning rodeos in LA would harm the next generation of not seeing what rodeos are all about. Seeing the sparkly of love they have for their events. If you ban one kind of sport then you should ban all of it.
