Comments for Public Posting: I am commenting to support the continued production of rodeo events and OPPOSE the proposed ordinance. Rodeo is a way of life and this ordinance is trying to kill a culture that has its roots in American soil. In a day and age where the USA is all about inclusive culture it seems hypocritical to try to remove something that brings families together, provides economic stimulus, and promotes healthy recreational activities. Many towns rural and urban lean on a yearly celebration of a fair and rodeo setting. I would strongly urge LA County to look at the benefits of hosting an event with rodeo rather than ban it.

Comments for Public Posting: I am AGAINST a ban on Rodeo and like events in Los Angeles. Rodeo animals are well cared for (a large animal veterinarian has shared that information with you more than once), and the tourism dollars these events bring to your community should be factored into your decision-making. There are much bigger issues that you as a counsel should be worrying about - health and human service issues like homelessness and unemployment - this is a non-issue pushed and paid for by NGO extremist groups that have an agenda, nothing more. Please wake up and vote against this ban permanently. This is a complete waste of time, energy, and taxpayer dollars.
