Comments for Public Posting: I strongly support the LA rodeo ban. Rodeos are events of cruelty, and abuse, to innocent animals who have no way to escape or defend themselves. To make it even worse, children are often spectators and you are giving the message to them that it is perfectly fine to injure, abuse and sometimes kill an innocent animal for entertainment. This is wrong and you know it. Put a stop to these events of abuse and cruelty now.

Comments for Public Posting: This Rodeo sport is beneficial to our young kids in every way. It teaches them to take care of their animals and to properly medicate them when needed. Records are kept. for proper maintenance to show animals control. Lots & lots of training the animals and themselves goes into this sport. Heart , Head & Soul goes into the love care and protection to ensure the animals health. Lots of money is used in buying , maintaining, equipment & time for the love of this sport. This sport keeps so many people involved in it that these young & older people stay out of the reach of drugs that is ruining our great USA. I can't imagine USA without RODEOS ??????????????????.
