Comments for Public Posting: The abusive tactics used by rodeo participants are cruel to the animals! These objects used to make the animals angry and aggressive during the rodeo are inhumane, disgusting and cowardly! Many animals suffer injuries and require euthanasia, a real tragedy! This abuse is certainly not a sport; for rodeo attendees, they should be ashamed of paying and enjoying animal abuse! There is something very wrong with people who participate in and support flagrant cruelty to innocent animals! More and more people find the rodeo reprehensible and want these cruel displays of ignorance and cruelty gone for good! As the abuse continues, outcries and actions will increase to end the rodeo permanently! It is high time that cities, counties , etc. give the future of rodeos serious and thoughtful consideration! As we move forward toward the next decade, we must reflect with our hearts and souls to bring about serious animal protection and respect! Compassion is the direction we human beings must follow! Consequently, we will be better stewards for animals and be proud of our humane intervention! With our sincere gratitude!

Comments for Public Posting: Rodeo is not a sport. It is a public display of animal abuse, consisting of terrified bulls and horses trying to get away from something that is causing them fear, pain, and discomfort. This abuse has no place in our society, and our laws must be changed to reflect the will of the public. Therefore, I support the L.A. Rodeo Device Ban.
