Comments for Public Posting: Please do not ban rodeos and other equestrian events. Many of these events are extremely important to many different cultures. They are tradition and in some cases, people's livelihood.

Comments for Public Posting: The Rodeo and Charrería Ban in LA is discriminatory as it only bans equestrian events that majority working class, Mexican, and minority citizens participate in. The Ban does not ban polo or dressage which are majority participated by white upper class citizens. The ban works to erase a culture that has a strong influence in California. I am against this ban and hope it will not be seen through.

Comments for Public Posting: I am glad that this bill acknowledges the animal maltreatment that still exists today. I firmly believe this bill should also acknowledge the animal abuse that happens in other platforms such as the Santa Anita racetrack. Please deliver an unbiased ordinance where it applies to all equestrian Sports where animal welfare should be a priority. I'm glad the electrocution devices have banned but please apply animal welfare interests across all platforms. In this case, horses need to be protected from such abuse not only in the rodeos but also from racing. Just this year 11 horses have already died. In 2022, 12 horses died for bone injuries sustained from the torturous sports.

Comments for Public Posting: I am objecting to your position of Banning the Rodeo in LA County . You can not show discrimination towards the Heritage of the Rodeo while keeping Show and Polo for the Wealthy. Rodeo has roots and Culture back to the Spanish who established Los Angeles and it's early Horse and Rodeo Culture long before it's European Immigration. I stand with the Spanish Culture and requesting the Rodeo stays and is upheld and honored in our mixed Los Angeles People and Culture.
