**Comments for Public Posting:** Urging LA City Council to support a prohibition on cruel and inhumane events in our city (rodeo). And these knuckleheads dragging out their horses to busy city streets, exposing these poor animals to noise, traffic, and exhaust fumes. Not to mention the total lack of food, water or shade while being out in the hot sun all day. Thanks for showing everybody how much you really care about these animals. What do you do to them when nobody is watching? Scary thoughts.
