Please don't ban Rodeo in Los Angeles. It is a great sport for many reasons and gives your residents more recreational diversity in their community. I lived in California as a small child and loved to go to the rodeo when it came to town. I still visit California frequently.

Thank you.

Rodeos have been a popular American Sport for many years entertaining adults and children alike. Some people attend because it is part of the history of the Old West. Some because they grew up watching westerns and still enjoy being entertained by the skill of cowboys and cowgirls brought to them by rodeos. Some just attend because it's different than any other sport and it entertains people of all different walks of life no matter age, race or interests.

PLEASE VOTE NO TO BANNING RODEOS IN THE CITY.

Thank you,

C.E. Hetrick

Rodeo is the best sport out there, it is so important. The truth it teaches is incredible.

Rodeo is extremely good and they do not harm the animals.

Thank you
