Dear city Council members,

I have attempted several times to comment on your website regarding File number: 20-1575 but unfortunately the system did not send the verification of my email address.

We live in an enlightened age and in particular understanding that animals can in fact experience pain and suffering so to continue to engage in animal abuse for entertainment is no longer acceptable.

California has always been the front runner for change, you lead the way and other states follow. Please end animal suffering in your city by ending the rodeo.

Thank you.

Sincerely,

Susan Repp
