Directed To: City Council and Committees

Council File Number: 21-0002-S70

Agenda Date:

Item Number:

Summary: We, the East Hollywood Neighborhood Council, SUPPORT the City Council motion to support AB 122 (Safety Stop Bill) which would amend California Vehicle Code section 22450 to allow bicycle riders to treat stop signs as yields. Also known as the "Idaho Stop", the ability to yield at stop signs has been shown to improve cyclist safety. In Paris, where a version of the Idaho Stop is in place, it was "found that allowing the cyclists to move more freely cut down the chances of collisions with cars, including accidents involving the car's blind spot." Since 2003, Idaho stop style bills and resolutions have been introduced across the country in Oregon, San Francisco, Minnesota, Arizona, Montana, Utah, Washington DC, New York City, Santa Fe, Oklahoma, Edmonton, and Colorado. In keeping with our commitment to making our streets safer for non-vehicular traffic and embracing alternatives to fossil fuel powered modes of transportation, East Hollywood Neighborhood Council supports CF21-0002-S70 / AB122.
