Summary: The Reseda Neighborhood Council strongly supports the City's resolution to support Assembly Bill 78, which would expand the territory of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy by including the Dominquez Channel watershed and Santa Catalina Island in order to preserve their unique open space and wildlife habitat. By including these areas within the Conservancy's jurisdiction, the State is ensuring that their unique open space and wildlife habitat resources will be preserved and enhanced for present and future generations. The Reseda Neighborhood Council is proud to support projects that protect wildlife and provide more protected parklands for the residents of Los Angeles and the State of California.
