Summary: We, the Atwater Village Neighborhood Council, are requesting that you support Council File 21-0062. The amount of rental debt tenants in Los Angeles are facing due to the COVID-19 crisis is massive. Studies from UCLA suggest that the coming wave of evictions could increase the number of unhoused residents in the city by tens of thousands. The city must both act to address this crisis by effectively redirecting rental relief money to those most in need, and solve the longstanding issue of an absence of data in the city on the state of the rental market. This motion put forth by councilmember De Leon would help to solve these issues, and City Council should support it wholly.
