Item Number: D

Summary: The Reseda Neighborhood Council strongly supports the motion to take an inventory of city owned property with a focus on possible sites for future homeless housing and generate a transparent list of those properties. Utilizing existing land inventory is a cost effective strategy for housing the unhoused, but it is impossible to know what land is available for possible use without taking an existing inventory and generating a publicly available comprehensive list. Only by doing so can equitable decisions be made that consider both the need to assist the unhoused, while minimizing the impact these solutions have on the community. This motion is consistent with the City's Comprehensive Homeless Strategy and notes the urgency with which the City needs to act on homelessness issues.
