BACKGROUND

Revised List of Properties

In earlier reports, LAHD identified and submitted nine applications for Homekey sites totaling 868 units. Upon much consideration, LAHD allowed the substitution of HACLA as the purchaser and owner of 6521 Brynhurst to HACLA in exchange for 160 project-based vouchers to make the City sites operationally feasible. LAHD identified 21121 Vanowen, a 101 unit new construction apartment building in Council District 3, and has successfully applied to the Homekey NOFA. LAHD also identified 6001 Pico, a 48 unit new construction apartment building in CD 5; however HACLA and LAHD were not able to come to acceptable terms with that seller. The Homekey round two NOFA closed on May 2, 2022, and below is a table of projects that will be approved by the State for Homekey round two.

Table 1, below, identifies the Homekey sites.

TABLE 1, LAHD SITES WITH TOTAL UNITS			
#	Site	CD	Units
1	7639 Van Nuys	6	36
2	1654 W Florence	8	128
3	2812 Temple/916 Alvarado	13	69
4	6531 Sepulveda	11	133
5	18602 Vermont	15	136
6	20205 Ventura	3	146
7	19325 Londelius	12	117
8	2010 Highland	4	62
9	21121 Vanowen	3	101
TOTAL			928

In April 2022, LAHD acquired 7639 Van Nuys and 1654 W Florence. Currently the properties are being held by HACLA who is managing the sites with their asset management team, The properties will be held by HACLA until LAHD has identified an owner operator through the procurement process. Upon an owner operator being awarded, and adopted by Council, the properties will be transferred to the owner operator with a residual receipt loan.

Remaining Shortfall

In the latest report to Council and Mayor, LAHD identified funding to support the acquisition, rehabilitation, and operation of 868 units in nine properties. LAHD also identified other properties that required additional match and vouchers.

One of the original nine projects, 6521 Brynhurst, was transferred and acquired by HACLA in exchange for additional project-based vouchers. With the additional vouchers, LAHD could seek additional sites. There were two alternate sites approved by the City Council, and one of those has proved feasible. The remaining match needed for this additional project is \$17,462,731.

Authorizing Matching Funding Sources

The recommended City match for Project HomeKey Round 2 comes from five sources: Measure HHH, CDBG – Reprogrammed Funds, CDBG – Cares Act, HOME-ARP, and a Reserve Fund loan to be repaid from FEMA reimbursement. The table below shows the total amount of each source approved by the Council and Mayor to date:

HHH	\$83,000,000
CDBG-R	\$11,763,938
CDBG-CV	\$10,488,548
HOME-ARP	\$58,000,000
Reserve Fund Loan	\$49,647,103
Total Match	\$212,899,589

In the earlier transmittal each proposed project’s funding sources were spelled out in detail. This is challenging as there are often limitations on the ability to draw funds from the HUD system, or on the availability of funds awaiting HUD plan approval. Therefore, staff recommends that the Council and Mayor authorize LAHD with approval of the CAO to mix funds as required to meet funding timelines and program goals, as long as the overall funding drawn from each source does not exceed the total approved.

HACLA Loans

LAHD will loan HACLA up to \$15 million for match funding for the purchase of Homekey properties to be owned and managed by HACLA. The loan with HACLA will be repaid through residual receipts and will be monitored annually by LAHD. HACLA will acquire 348 supportive housing units, which will be supported with project-based rental vouchers. All supportive housing units will be used for individuals or families experiencing homelessness or at-risk of homelessness.

The table below indicates the current loan amounts for the HACLA Homekey properties.

TABLE 2, HACLA PROPOSED SITES				
	Site	CD	Units	City Loan
1	5050 Pico	10	79	\$4,250,000
2	10150 Hillhaven	7	34	\$3,125,000
3	1044 Soto	14	85	\$6,250,000
4	740 Alvarado	1	80	\$2,725,000
5	14949 Roscoe	6	29	\$0
6	6521 Brynhurst	8	41	\$0
TOTAL			348	\$15,000,000

LAHD Staffing

The Project Homekey program requires that LAHD expand its usual role from lender, or covenant administrator, to oversee the acquisition of the sites, develop the financing plans, procure proposals from qualified property owners and operators, negotiate with HCD, and otherwise to establish, implement, and effectively monitor the program. Staff must support the overall design of the program, set up reporting mechanisms to prepare the mandated annual reports, implement the necessary systems to properly track funding.

LAHD has identified the need for one (1) new Financial Development Officer 2 position (code 1571-2), two (2) Financial Development Officer 1 positions (code 1571-1), (2) Management Analyst positions (code 9184), and (1) Accountant (code 1513) to carry out Homekey program requirements.

The Financial Development Officer 2 would need to oversee the negotiation, review, interpretation, and guide execution of development-related agreements, including ground leases, development agreements, exclusive negotiation agreements, loan agreements, and regulatory agreements. Help resolve legal, contractual, and technical issues with internal counsel. In addition, the Financial Development Officer 2 would need to monitor and evaluate the efficiency and effectiveness of the Homekey program, including Homekey round one sites, Homekey round two sites, and potential Homekey round three sites. Moreover, interact at and lead at council meetings, at community meetings, and professional meetings that need participation. Create procedures, supervise and coordinate activities of staff members, consult with and assist various officials and agency representatives in the resolution of problems, and make recommendations or take corrective action as appropriate.

The Financial Development Officer 1 would need to identify acquisition opportunities, develop project acquisition and funding opportunities, and complete feasibility analysis of new development projects. Analyzes and interpret real estate appraisals, development proformas, project budgets, and other financial information related to development projects and uses such analysis and interpretation to inform development related agreements, including working with consultants to complete review and negotiations. Execute development-related agreements, including ground leases, development agreements, exclusive negotiation agreements, loan agreements, and regulatory agreements. Monitor compliance and complete annual reports for Homekey sites.

The Management Analyst would be responsible for program design and implementation, metrics formulation and analysis, and individual funding program progress reporting. Monitors on-going compliance and disbursement of funds during the improvement phase of the project. Prepare transmittals and detailed and comprehensive project staff reports with analyses and recommendations for City Council and committees. Establish budgets, schedules and performance reports. Lastly, the Management Analyst would coordinate and assist with preparation of all documents with a Financial Development Officer.

The Accountant would be responsible for conducting professional accounting work in the analysis, preparation, maintenance, control, and reconciliation of financial records and reports in accordance with the principles of governmental and public accounting for all Homekey sites and future LAHD acquisition projects. In addition, the Accountant would assist to establish budget reports and outstanding loan compliance reports.

The additional staff will enable the department to fulfill its responsibilities under the Homekey Program and support similar acquisition and rehabilitation strategies. The HOME-ARP budget approved by Council, pending approval by HUD, in January 2022, includes an administrative allocation of \$2,639,330 to be used over the next four years. The annual cost for these six positions would be \$1,319,665, to be increased by 3% annually.

FISCAL IMPACT

There is no additional General Fund impact anticipated at this time.

PROJECT DESCRIPTION

2812 W. Temple Street is a 42-unit new construction multifamily property, with anticipated construction completion of 7/31/2021. The apartment building has 4 stories with parking garage on the first floor and the apartment units on the remaining floors. The building features forty-two (42) units, including one (1) manager's unit, eighteen (18) studios, twenty-four (24) 1BRs, onsite laundry, and one elevator. Twenty-five (25) units will be leased to be At-Risk of Homelessness units, and fifteen (15) will be Chronically Homeless. 916 North Alavardo is a 27-unit new construction multifamily property, with anticipated construction completion of 6/31/2021. The apartment building has 4 stories with parking garage on the first floor and the apartment units on the remaining floors. The building features forty-two (27) units, including one (1) manager's unit, eighteen (24) studios, twenty-four (2) 1BRs, onsite laundry, and one elevator. Units will be leased to be At-Risk of Homelessness units and Chronically Homeless.

All twenty-five (25) chronically homeless units will have a Section 8 Project Based Voucher, secured through a HACLA NOFA to be released in January 2022 and awarded in February 2022. It is projected, based on the applicants' experience with Homekey Round 1 properties, that residents of the Project will be able to pay rent at the level of 8% of AMI for Los Angeles County on average. The Project is also requesting an HCD operating subsidy to provide for supportive services, security and other eligible operating expenses in Year 1. The need for supportive services will be greatest following the initial lease-up, and it is anticipated that over the course of the first three years of operation, as residents' living situations stabilize, residents will obtain employment and public assistance income that will reduce the supportive services expense. The Project also anticipates leasing twenty-five (25) units to tenants with tenant-based vouchers beginning in Year 2.

The City of Los Angeles will match the Homekey financing with an equity contribution to cover the gap beyond the Homekey award and facilitate closing and lease-up. The City of Los Angeles will also match the Homekey operating subsidy with a commitment to support the Project for four years at the rate of \$1,000 per At-Risk of Homelessness unit and \$1,400 per Chronically Homeless unit per month. The City-funded operating subsidy will be capitalized at closing for the full amount of \$3,600,000 (\$900,000 per year) and drawn down as needed throughout the life of the project.

The property managers for the sites will be selected through an RFP process which the City of Los Angeles is planning to release in February 2022. The RFP will require, and the City will ensure, that the selected manager and service provider will have 36 months or more of experience serving persons of the target population. Both sites will share the same owner/operator and service provider. A \$200,000 developer fee is proposed for the RFP-selected owner/operator. Additionally, a project administration fee of 2% of the acquisition price is included to reimburse HACLA acquisition activities.

The City of Los Angeles will match the Homekey financing with a local match contribution to cover the gap beyond the Homekey award and facilitate closing and lease-up. The City of Los Angeles will also match the Homekey operating subsidy with a commitment to support the Project for four years at the rate of \$1,000 per unit per month. Residual Receipts during this period will be deposited into the operating reserve fund to support operations following year 7. No developer or acquisition fee is proposed at closing for this project. The property manager for this property will be selected through an RFP process which the City of Los Angeles is planning to release in December. The RFP will require, and the City will ensure, that the selected manager and service provider will have 36 months or more of experience serving persons of the target population.

Council District 7

PROJECT DESCRIPTION

10150 Hillhaven is a 34-unit new construction multifamily property. All units will serve Homeless populations at 30% AMI or lower.

Of the 34 units, all units will have a Section 8 Project Based Voucher, secured through a HACLA NOFA released in January 2022. It is projected, based on the applicants' experience with Homekey Round 1 properties, that residents of the Project will be able to pay rent at the level of 18% of AMI for Los Angeles County on average. The Project is also requesting an HCD operating subsidy of \$1000 per unit, per month for three years to provide for supportive services, security and other eligible operating expenses. The need for supportive services will be greatest following the initial lease-up, and it is anticipated that over the course of the first three years of operation, as residents' living situations stabilize, residents will obtain employment and public assistance income that will reduce the supportive services expense.

The City of Los Angeles will match the Homekey financing with a local match contribution to cover the gap beyond the Homekey award and facilitate closing and lease-up. The City of Los Angeles will also match the Homekey operating subsidy with a commitment to support the Project for four years at the rate of \$1,000 per unit per month. Residual Receipts during this period will be deposited into the operating reserve fund to support operations following year 7. No developer or acquisition fee is proposed at closing for this project. The property manager for this property will be selected through an RFP process which the City of Los Angeles is planning to release in December. The RFP will require, and the City will ensure, that the selected manager and service provider will have 36 months or more of experience serving persons of the target population.
