INTER-DEPARTMENTAL CORRESPONDENCE

Date: March 10, 2021

To: Nury Martinez, President
City Council

From:  Richard H. Llewellyn, Jr., City Administrative Officer

Subject: **STATUS UPDATE: MEMORANDUM OF UNDERSTANDING FOR 6,700 BED PLAN BETWEEN THE CITY OF LOS ANGELES AND THE COUNTY OF LOS ANGELES/COVID-19 HOMELESSNESS ROADMAP**

BACKGROUND

This is the third update on the status of the Memorandum of Understanding (MOU) between the City of Los Angeles (City) and the County of Los Angeles (County) to create 6,700 beds. The MOU outlines the creation of these homeless interventions on the following schedule:

1. 5,300 New beds within 10 months of June 16, 2020, or April 16, 2021;
2. 700 Other beds within 10 months of June 16, 2020, or April 16, 2021 (“Other beds” are homeless interventions included in existing City – County agreements); and
3. 700 New Beds within 18 months of June 16, 2020, or December 16, 2021.

The County will pay the City a one-time bonus of \$8 million if the April 16, 2021 deadline is met and 5,300 new beds are open and occupiable. In Fiscal Year (FY) 2020-21, the County will contribute \$53 million for services. In FY 2021-22, the County will contribute \$60 million for services if 6,000 new beds are open and occupiable on July 1, 2021. The County, however, may deduct \$10,000 for every new bed/intervention that is not open and occupiable within 60 days of the year-two payment date. This provision continues through the five-year term of the MOU; on July 1st, the City must have 6,000 new beds open and occupiable.

“New Beds” under the MOU may include any combination of the following: purchased and/or leased motel/hotel rooms by the City; rental assistance, including rapid rehousing, but only for the duration of the assistance; sprung structures or tents; safe parking; safe sleeping; scattered site or permanent supportive housing; A Bridge Home beds; another other innovative modes of housing or shelter.

STATUS CITY HOMELESS INTERVENTIONS

5,300 New Beds: Based on information on project status as of March 10, 2021, **5,046** new beds will be open and occupiable by April 16, 2021. 1,490 of the new beds will be Rapid Rehousing/Shared Housing placements.

There are up to 3,000 additional new interventions in process that we are tracking closely to determine additional new beds that will be open and occupiable by the April 16th target date.

700 Other Beds: 734 other beds will be open and occupiable by April 16, 2021.

We will have additional updates on timeframes for interim housing site completion and Rapid Rehousing/Shared Housing placements and we will continue to provide your Office with bi-weekly updates on the plan's progress.
