INTER-DEPARTMENTAL CORRESPONDENCE

Date: April 21, 2021

To: Nury Martinez, President  
City Council

From: Richard H. Llewellyn, Jr., City Administrative Officer

Subject: **STATUS UPDATE: MEMORANDUM OF UNDERSTANDING FOR 6,700 BED PLAN BETWEEN THE CITY OF LOS ANGELES AND THE COUNTY OF LOS ANGELES/COVID-19 HOMELESSNESS ROADMAP**

## BACKGROUND

This is the sixth update on the status of the Memorandum of Understanding (MOU) between the City of Los Angeles (City) and the County of Los Angeles (County) to create 6,700 beds. Given that the City has met the first deadline of April 16, 2021 as discussed on below, the next deadline in the City must meet is to have 700 new beds open and occupiable by December 16, 2021.

The County, however, will contribute \$60 million for services if 6,000 new beds are open and occupiable on July 1, 2021 (this includes the new beds accounted for in the April 16, 2021 deadline). The County may deduct \$10,000 for every new bed/intervention that is not open and occupiable within 60 days of the year-two payment date. This provision continues through the five-year term of the MOU; on July 1<sup>st</sup>, the City must have 6,000 new beds open and occupiable.

"New Beds" under the MOU may include any combination of the following: purchased and/or leased motel/hotel rooms by the City; rental assistance, including rapid rehousing, but only for the duration of the assistance; sprung structures or tents; safe parking; safe sleeping; scattered site or permanent supportive housing; A Bridge Home beds; and other innovative modes of housing or shelter.

## STATUS CITY HOMELESS INTERVENTIONS

**5,300 New Beds:** On April 16, 2021, this Office submitted the final confirmation on open and occupiable beds to the County's Office of the Auditor Controller (A-C) -- **5,521**. 698 of these interventions were reported as Rapid Rehousing/Shared Housing placements by the Los Angeles Homeless Services Authority.

**700 Other Beds:** 728 other beds were also confirmed as open and occupiable by April 16, 2021.

The County's A-C is now conducting its review of the sites to ensure these interventions are open and occupiable. We are providing the documentation requested by the A-C, including leases, service contracts, etc., as evidence that the sites are open and occupiable. The A-C's final report will recommend whether the City should receive the one-time bonus of \$8 million for services this Fiscal Year.

Our upcoming reports will focus on the status of the one-time bonus and the July 1, 2021 deadline.
