Summary: The Echo Park Neighborhood Council fully supports this effort by City Council to make outreach efforts to those experiencing homelessness more streamlined and effective. As stated in our previous support for CF 20-1603, proactive outreach, conducted by the same teams to the same areas, is the most efficient way to ensure trust between the houseless and city officials. This type of outreach can ease the transition from congregate street communities to non-congregate temporary and permanent housing.

APRIL 30, 2021

The Echo Park Neighborhood Council fully supports this effort by City Council to make outreach efforts to those experiencing homelessness more streamlined and effective. As stated in our previous support for CF 20-1603, proactive outreach, conducted by the same teams to the same areas, is the most efficient way to ensure trust between the houseless and city officials. This type of outreach can ease the transition from congregate street communities to non-congregate temporary and permanent housing.

This council also appreciates the directive in the motion to consolidate the collection and transfer of outreach data. A more centralized process for data management between organizations and bureaus will be extremely advantageous in dispelling confusion, mitigating repeat questions to unhoused stakeholders, and accelerating transfers to city services and housing options.

Communicative partnerships with the Department of Mental Health are highly encouraged by this council.

Respectfully,
Echo Park Neighborhood Council
