Item Number:

Summary: The Board of The Studio City Neighborhood Council approves the clarification of our initial support of Council File 21-0470, by Board vote on April 15, 2021. This motion approved by the Studio City Neighborhood Council is clearly in support of the original application and findings of the Cultural Heritage Commission. After which, revised findings by the PLUM Committee were approved by the City Council that substantively altered the original application and original findings. As such, the record indicating that the Studio City Neighborhood Council being "For" the council file as adopted is incorrect. We are putting forth this motion to clarify our position, as well as notifying CD2 (the location of the property at the time of the vote) and CD4 (where the property is now located due to redistricting) of our position.
