Summary:

The Mission Hills Neighborhood Council (MHNC) supports Council File 21-0658 which plans to streamline processes for the development of 100% affordable housing projects in the City of Los Angeles.

Council File 21-0658- The lack of affordable housing in our city has, in part, led to our growing homelessness crisis and overall housing shortage. LA City Councilmember Raman's motion is a step towards getting rid of a lot of red tape around this problem. Our Mission Hills community can see the devastating impact of the lack of affordable housing units around our neighborhood. It is clear that the housing supply is not meeting the needs of many vulnerable populations including unhoused veterans, unhoused LGBTQ+ youth and adults, unhoused people facing family/community rejection, substance use, and mental health issues.

We, the MHNC, support Council File 21-0658's effort to expedite processes for the creation of 100% deed-restricted affordable housing projects in the City of Los Angeles.
