Directed To: City Council and Committees

Council File Number: 21-0709

Agenda Date:

Item Number:

Summary: WHEREAS, The residents and Lincoln Heights Neighborhood Council do not approve the City of LA funding a supplementary amount to the HUD grant in order to to further the City's vision for the Cornfield Arroyo Specific Plan area. The residents and elected Neighborhood Council officials were not properly notified of the project and were denied the ability to take action opposing the project. WHEREAS, The Lincoln Heights Neighborhood Council received numerous emails from concerned William Mead residents who fear the demolition of their community. Mead is a threatened, rare example of a successful currently functioning WW2 garden style public housing complex (currently eligible for listing on the National Register of Historic Places). Currently, residents want plumbing and windows replaced and fear displacement from mixed income development. Residents fear that the notorious lead/ fuel/ arsenic contaminated soil on the current and surrounding sites will be disturbed, causing more cancer in their community and poisoning the children at Ann St. Elementary NOW, THEREFORE, Lincoln Heights Neighborhood Council demands that the City of Los Angeles and HACLA improve the residents quality of life perform the maintenance that is long overdue. Residents are seeking improvements to the existing structures, not the wholesale demolition of their neighborhood in order to usher in upscale development in the CASP. Funds should be used to replace rotten postwar windows that are not up to code. The architectural survey of William Mead Homes states that the buildings are in structurally sound condition for their age, and demolition based on any claims of substandard structural issues is false. Most residents wish to preserve their community and homes because this is an actual neighborhood with a collective memory, history and culture that should be respected, not erased.

COMMUNITY IMPACT STATEMENT COUNCIL FILE 21-0709

The Board Approves This Community Impact Statement Yea (16), Nay (1), Abstain (x) on August 19, 2021

Honorable City Council
Los Angeles City Hall
200 North Spring Street, Room 395
Los Angeles, CA 90012

RE: COMMUNITY IMPACT STATEMENT OPPOSING CF 21-0709. WILLIAM MEAD HOMES CHOICE NEIGHBORHOODS /CHOICE NEIGHBORHOODS PLANNING GRANT / IMPLEMENTATION PLAN AND EARLY ACTION ACTIVITY / COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) / HOUSING AUTHORITY OF THE CITY OF LOS ANGELES

Dear Honorable members of Los Angeles City Council and HACLA:

On August 19, 2021 in a Brown Act compliant meeting, the Lincoln Heights Neighborhood Council considered the following resolution regarding Motion CF 21-0709 presented to the City by councilman Gil Cedillo. The stakeholders and elected officials have come to the following conclusions listed below:

WHEREAS, On July 1, 2021 LA City Council voted to approve a motion to allocate \$200,000 in PY 48 (2022-2023) CDBG funds toward the William Mead Choice Neighborhoods Implementation Plan/ Early Action Activity, subject to a grant award from the HUD Choice Neighborhoods Planning Grant. HACLA will be applying for the Choice Neighborhoods Planning Grant to advance the development of a comprehensive community-led Transformation Plan for William Mead Homes and the surrounding neighborhood. The Transformation Plan will provide a community vision for redevelopment of the existing public housing development and catalyze critical improvements in the neighborhood.

WHEREAS, The residents of William Mead Homes aka Dogtown were not properly notified of any development plans and received an invitation to a HACLA town hall only one day before the meeting. William Mead homes fall outside of the Lincoln Heights Neighborhood Council boundaries, yet were originally supposed to be included in our council according to the 2002 council formation hearings. Currently, the residents of William Mead have no representation and are excluded from the HCNC because they are not allocated an area rep position. The residents are not represented and are extremely vulnerable to displacement and health threats.

WHEREAS, Most residents of William Mead Homes do not want to be displaced and simply wish for their dwellings to be maintained and repaired by HACLA; not demolished for mixed income housing for future residents. They are aware of the displacement at Aliso Village that happened in the past.

BOARD MEMBERS: BUSINESS REPRESENTATIVES: William Rodriguez Morrison, Nancy Stella Soto, vacant

WHEREAS, The residents and Lincoln Heights Neighborhood Council do not approve the City of LA funding a supplementary amount to the HUD grant in order to to further the City's vision for the Cornfield Arroyo Specific Plan area. The residents and elected Neighborhood Council officials were not properly notified of the project and were denied the ability to take action opposing the project.

WHEREAS, The Lincoln Heights Neighborhood Council received numerous emails from concerned William Mead residents who fear the demolition of their community. Mead is a threatened, rare example of a successful currently functioning WW2 garden style public housing complex (currently eligible for listing on the National Register of Historic Places). Currently, residents want plumbing and windows replaced and fear displacement from mixed income development. Residents fear that the notorious lead/ fuel/ arsenic contaminated soil on the current and surrounding sites will be disturbed, causing more cancer in their community and poisoning the children at Ann St. Elementary School.

WHEREAS, The residents of William Mead do not want their historic neighborhood demolished for the Cornfield Arroyo Specific Plan. The residents seek to protect their historic architecturally significant neighborhood which is the only neighborhood that has existed there for over 80 years. William Mead residents do not want to be displaced by the CASP for future and current luxury/ market rate developments in the oldest most historic part of LA.

NOW, THEREFORE, The residents of William Mead and Lincoln Heights Neighborhood Council demand that the City of Los Angeles and HACLA use the funds already at hand to repair the homes and not demolish for mixed income to serve the CASP. William Mead Residents want amenities like grocery stores and mom and pop shops within walking distance to replace the ones that were lost to development in the past decade in the Dogtown / Chinatown area.

NOW, THEREFORE, Lincoln Heights Neighborhood Council demands that the City of Los Angeles and HACLA improve the residents quality of life perform the maintenance that is long overdue. Residents are seeking improvements to the existing structures, not the wholesale demolition of their neighborhood in order to usher in upscale development in the CASP. Funds should be used to replace rotten postwar windows that are not up to code. The architectural survey of William Mead Homes states that the buildings are in structurally sound condition for their age, and demolition based on any claims of substandard structural issues is false. Most residents wish to preserve their community and homes because this is an actual neighborhood with a collective memory, history and culture that should be respected, not erased.

Sincerely,

Sara Clendenning, President
Lincoln Heights Neighborhood Council
