Comments for Public Posting: Hi my name is Hassan Zuniga I am a member of ACCE and I live in district 8, I support the report back on the anti-harassment motion plus the amendments. I haven't seen any enforcement on this law since it passed 6 months ago. My landlord is still harassing me in so many different ways like...(3 Examples of harassment). Till this day it's impossible to do a harassment claim through the housing portal so you guys need to fix this right away otherwise how are you going to get good data?. Not one lawyer has taken any cases of harassment because the fees are not secure so we need to change the language to secure the attorney's fees, it should say "shall" not "may". We need enforcement, the city needs to enforce the law whether is the housing department or the city attorney so these landlords are penalized.
