Agenda Date:

Item Number:

Summary: The Hermon Neighborhood Council supports this Motion (21-0773) to provide a valuable service, trash receptacles and collection, to unhoused Angelenos. While housed residents of the city may take garbage collection for granted, disposing of trash is harder for unhoused individuals when there are no bins nearby or when bins are not regularly emptied and cleaned. Without bins, unhoused Angelenos must often pile refuse in areas that may become unsanitary and overfull and may draw illegal dumping from elsewhere as well. We therefore back this proposal to make regularly serviced receptacles available at every encampment in Los Angeles. Doing so will improve sanitation, cleanliness, access, and quality of life and reduce the risk of fire and disease for both those who live in encampments and their neighbors, visitors, and passersby. This motion is a humane and necessary immediate response to the much larger structural crisis of homelessness in Los Angeles. We especially applaud the motion's commitment to regularly servicing the receptacles through a formal program. We hope that the end result is not a one-time dispersal of bins that are abandoned by the City thereafter but rather a program that, unobtrusively to people nearby, keeps bins clean and empty, replaces broken ones, and adds new ones at new locations as needed.

HERMON NEIGHBORHOOD — COUNCIL —

Honorable City Council
c/o Office of the City Clerk
Los Angeles City Hall
200 North Spring Street, Room 395
Los Angeles, CA 90012

Council File 21-0773

The Hermon Neighborhood Council requests that the following Community Impact Statement be attached/added to Council File 21-0773, which calls for the Bureau of Sanitation to outline necessary resources to place trash receptacles at every encampment in the City, and to regularly service those receptacles.
